

Our quality policy

Sips Eco Panels believe that every job is worth doing and doing it well.

We believe that with our commitment, experience, resources and talent we provide our customers with exceptional service and products at competitive prices.

Using a continuous improvement approach to all our processes it is Sips Eco Panels objective to deliver each customer's order on time, every time, without compromise.

All employees at Sips Eco Panels will work together to meet our objectives by:

Sorting out problems quickly and making sure they don't occur again

Complying with all legal and statutory requirements

Constantly reviewing and improving what we do

Looking after our staff and growing our own talent

The directors and all staff are committed to establish, maintain, constantly review and improve our ISO 9001:2008 quality management system and keep our promises to our customers.

Copies of our quality policy are made available to all our customers and members of staff.
